## About Kristin

---

A versatile pianist, Yost has played with orchestras, jazz bands, as a classical soloist, chamber artist and even as a rock pianist with Evanescence. She's performed for several politicians including MN Governor Tim Pawlenty, then Secretary of State Hillary Clinton and Senator Tom Daschle. For several years, Yost also performed with the Celebration Orchestra in the spot Norah Jones used to play.

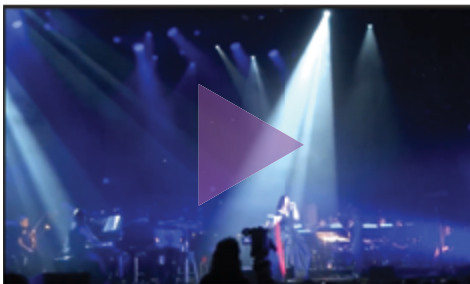

Whenever Kristin is at the piano, there is a beautiful energy and beauty of artistry that is unmistakable. There are few pianists who are as knowledgeable and versatile as she, and I'm very lucky to call her my friend.
